In fact, our powerful product is designed to cleanse impurities, toxins, and harmful organisms with ease. But that's not all...**Oxypowder** will fuel mucous production in the colon to cleanse your intestines quickly and effectively.

That's right...with the combination of Magnesium and Citric Acid, **Oxypowder** will combat the passing of frequent stools.

And when you put your trust in this amazing formula, you'll get rid of the uncomfortability that comes from constipation---which may even lead to chronic problems such as hemorrhoids and anal fissures. **Oxypowder** will put an end to bowel movement irregularities once and for all!

Oxypowder helps you eliminate compacted waste, and gives you the needed edge to become clean and refreshed. Just imagine the thought of enjoying your day without feeling annoyed by an unclean intestinal system. No more bloating...gas...or straining yourself! It's that simple.

With its ability to pull more water into the intestines---often called osmosis, you'll revitalize your life with more vigor than ever before. **Oxypowder** provides you with more water in the intestines, so your stool becomes softer and easier to pass.

No Dependency

Unlike laxatives, you won't experience a vicious cycle that comes from lost muscle and nerve response. Like most regular laxatives, dependency becomes a problem. Moreover, constant use of laxatives causes trapped gas in the intestines, which leads to continuous usage.

With **Oxypowder**, you won't have to worry about becoming dependent, because this powerful colon cleanser draws fluid into the intestines, and is less habit-forming than regular laxatives.

Oxypowder is free of toxic additives, and is all organic with wildcrafted ingredients so you can experience a natural, safer way to ease your comfort levels.

Experience High Energy Levels

Just think of how your life will change with this breakthrough product. A direct result of newly found digestive health includes more high-quality energy. Now you can do the things you want to do without worrying about constipation.

Oxypowder allows you to activate ATP, which is the energy molecule that stimulates your body's cells. Furthermore, **Oxypowder** promotes deep sleep, as it maintains high levels of GABA, an important transmitter to help insomnia.

That said...the combination of more energy and less constipation, gives you the strength to live relaxed, productive, and worry-free.
